

Global Accounting

Your success is our goal.

We take businesses further, faster with an integrated suite of corporate solutions driven by innovation and technology.

Our locations

For over 50 years, we have supported companies in navigating through complex operational and regulatory policies and cultural sensibilities. We are well-positioned in the Asia-Pacific Region with offices in:

- Singapore
- Hong Kong
- Australia
- Malaysia
- China

We are a collaborating firm with Andersen Global®, which means our extensive worldwide partnership offers you greater access to the resources required to meet your business needs in:

- North America
- Latin America
- Africa
- APAC Region
- Middle East
- Europe

Legend:

- Anderson Global Offices
- Boardroom Offices

Our Processes

We employ optical character recognition, automation tools and cloud technologies to automate accounting and finance processes, helping your company to achieve:

Greater scalability and enhanced data security

Time-savings with improved data accuracy

Real-time information as you need it

Why outsource your accounting function?

Our team of chartered accountants can streamline your company's accounting and tax functions to meet all your finance requirements. Outsourcing to our experts enables you to keep managing your core business operations without having to maintain trained, knowledgeable staff to handle day-to-day accounting functions in-house.

Accounting and tax management reporting

- Chart of accounts setup
- Maintenance of accounting books and records
- Real-time management reporting and financial analysis
- Budgeting and forecasts
- Consolidation accounting
- Compilation of group reporting package information
- Tax provision and deferred tax calculations

BR Advantage!

We understand specific country requirements to ensure your accounting records stay compliant.

Transactional processing and management

- Accounts receivable management and invoice issuance
- Accounts payable and vendor query management
- Disbursement and treasury management

BR Advantage!

Save yourself the time and frustration of setting up complicated transactions such as withholding tax. We can take care of the nuanced banking requirements surrounding statutory payments and documentation for you.

Financial statements and tax reporting

- Compilation of statutory financial statements reporting
- Audit support and liaison
- Tax reporting
- Accounting policies and procedures advisory
- Financial statement filing

Other engagements

- SPAC accounting services
- Accounting specialist secondment for financial and accounting support
- Accounting processes and controls documentation
- Consolidation and accounting template development
- Reconstruction of accounts, including clearing accounting record backlogs
- Clearance of suspense account items

Let's go digital!

Accounting software and tools

Enjoy the benefits of our Xero™ Gold Partner status with a Xero account that connects straight into your bank feed. Gain visibility across your financials 24/7, not just at month-end.

Our professional accounting services experts can help you with seamless Xero implementation, migration and optimisation as well as integrating the following-supporting accounting software into Xero:

Easily synchronise your sales, payroll and inventory data into Xero.

Avoid manual data entry by setting up Hubdoc to automatically send copies of original documents and key data straight into Xero.

Replace paper and email approvals with fully automated multi-role, multi-tiered approval workflows by integrating ApprovalMax with Xero.

Transform your financial data into highly visual, easy-to-understand reports and forecasts that you can immediately access from Xero.

Outsourcing or secondment: How do you decide?

Outsourcing

- ✓ Dollar cost and time savings
- ✓ No need to hire or maintain an in-house team, so no worry around staff attrition
- ✓ Top talent is always within reach with an established process
- ✓ Covers end-to-end processes
- ✓ We act as your finance business partner to support your business
- ✓ Automation technologies without incurring setup and implementation costs

Secondment

- ✓ Objective and transaction-driven
- ✓ Urgent, unforeseen need
- ✓ Relatively short tenure, spanning three to six months
- ✓ Engagements where high executive involvement and inputs are required

What else can we help you with?
